#### DVD/VHS FORMATS:

- NTSC (National Television Systems Committee) is the TV and video standard used in most Americas (like US, Canada), Philippines, Taiwan, Japan & Korea.
- PAL (Phase Alternating Line) is the TV and video standard used in most of Europe, Brazil, Algeria, China, and Australia/New Zealand.

A **computer** with DVD playing capability can play any format. However, a DVD and/or VHS **player** can only play their respective compatible formats.
